About Little Étoile®

Commitment

Little Étoile Nutrition

Little Étoile Organic®

Little Étoile Nutri Sprinkles™

Little Étoile Nutri Bikkies®

01 About Little Étoile

Little Étoile means “little star” in French. We are a member of Max Biocare Group, a company with over 20 years’ experience as an international innovator in bioscience and healthcare and with a track record as a specialist in women’s and children’s health.

Our goal is to provide early life nutrition products with premium quality ingredients that are safe, clean, sustainable, and of the highest nutritional integrity.

The quality of Little Étoile’s products is guaranteed by Max Biocare’s stringent pharmaceutical Quality Management System (QMS) that complies not only with applicable regulations but routinely conducts voluntary control measurements.

02 Commitment

● Sustainability

Environmental sustainability within industry is a community-wide issue that influences the daily lives of everyone. At Little Étoile, we strive to maintain sustainability initiatives beyond the minimum standards bestowed upon corporate entities. We are committed to creating the most premium quality nutrition products while prioritizing the care of our environment and support of our communities.

Within our Little Étoile brand, and throughout the group's operations in all of our locations, within Australia and globally, we are committed to:

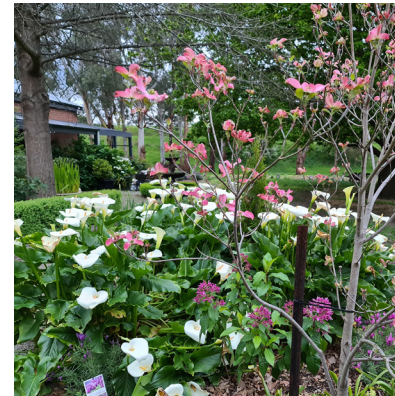

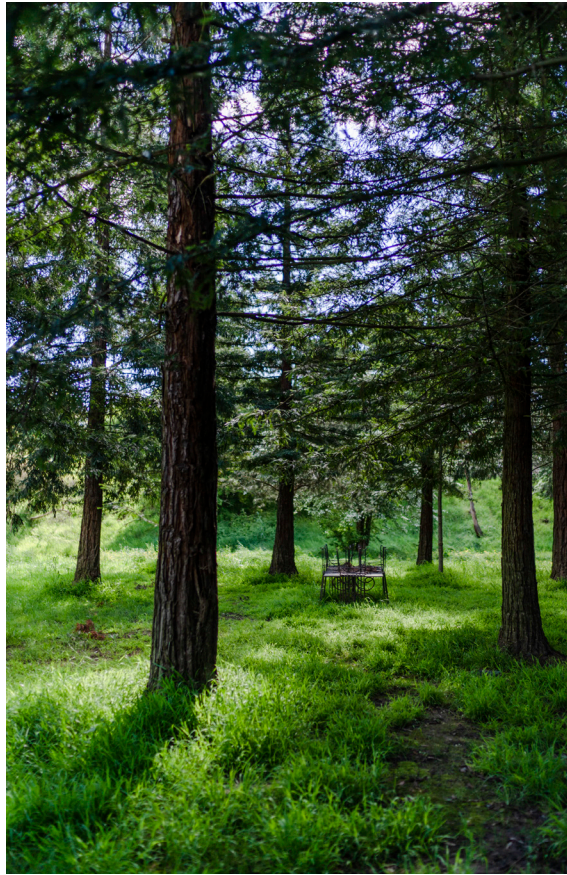

- Sourcing the finest quality raw materials through ethical means
- Supporting well-being, through the use of safe, nutritious ingredients, such as grass-fed Australian cow's milk and organic ingredients
- Using environmentally friendly packaging where possible for each of our product ranges
- Endeavoring to support the wider public through community-based measures
- Acting to achieve waste reduction goals over a set timeline.
- Embracing economic sustainability, by supporting local and regional activities
- Maintaining the highest sustainability thresholds, thus leading the community by example in preserving nature and decreasing ecological degradation. This is most evidenced in our operation at the Max Biocare Research Park in Yinnar, regional Victoria.

Sustainable Health & Wellness

Where Nature Meets
Science

Product Safety & Quality Control

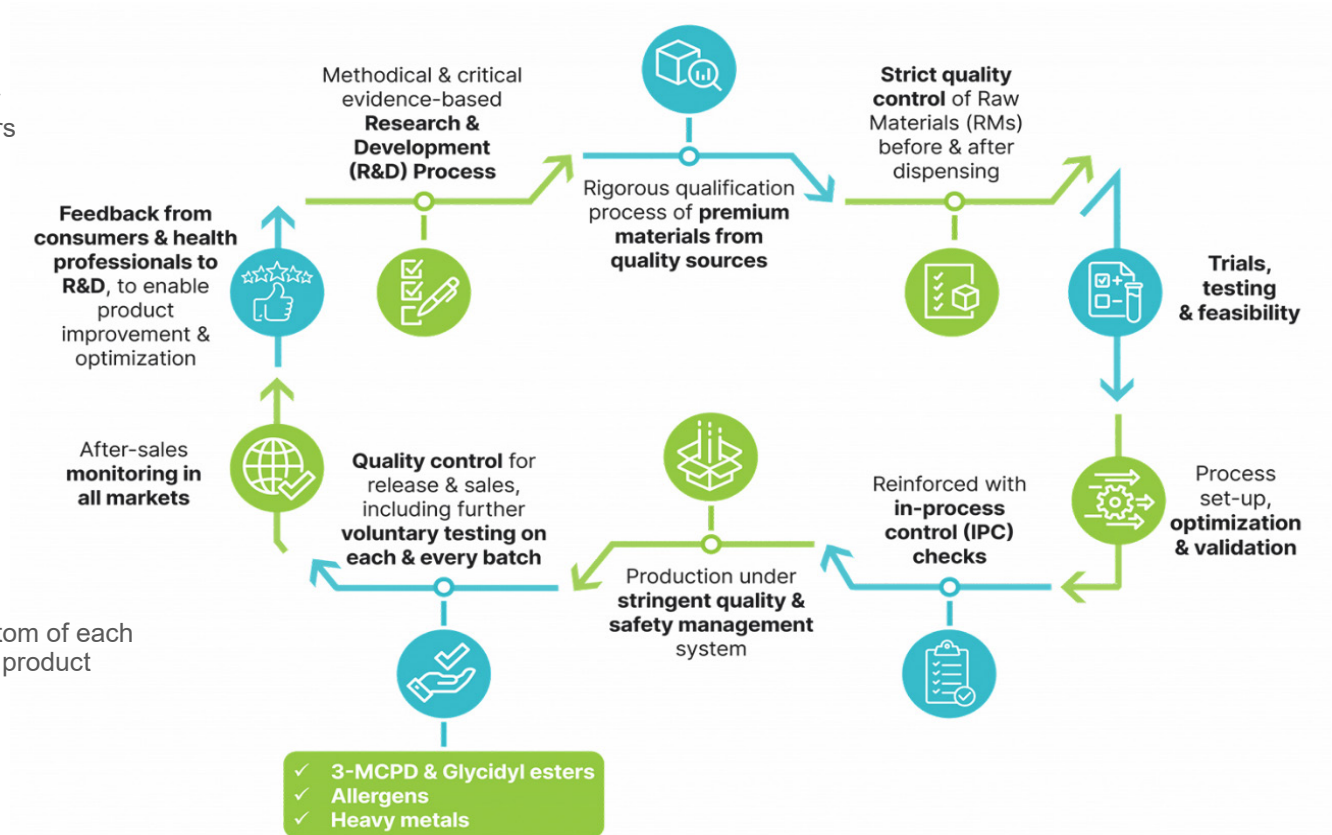

With the knowledge and expertise gained through scientific research and empirical experience harnessed from 20+ years of pharmaceutical and nutrition quality management, we implement a validated, stringent quality control system that complies not only with applicable regulations but includes stricter voluntary control.

These voluntary controls include toxicity studies, such as allergen and heavy metals testing for every batch of our baby food, and 3-MCPD & glycidyl esters analysis for every batch of our nutritional formulas.

We also implement product tracing with our nutritional formulas. Each can is labelled with a unique QR code to verify its origins and provide product information.

Scan the QR Code on the bottom of each tin to verify and find out about product information.

● Product Formulation Principles

Little Étoile products are developed and formulated based on Max Biocare's guiding principles: Evidence-Based, Natural and Trust. The selection of the nutrients and amounts is based on scientific research and relevant government regulations, tailored to specific age groups. We prefer the choice of sustainable, natural sources of materials and practices at all steps of manufacturing and handling.

Opti-5 System - Our Science

- Little Étoile® has distilled childhood nutrition down to 5 major aspects of health in our proprietary Opti-5 System, ensuring that your little ones can achieve their full potential for both physical and mental development.
- This scientific system ensures that each of our products has just what is needed, and at amounts that are just right for each age group's developmental requirements.

- **High quality ingredients:**

All our formula products use premium Australian milk from grass-fed cows, which has been shown in research to have higher nutritional content than milk from conventionally fed cows. All other ingredients in our products including amino acids, minerals, vitamins, DHA and Wellmune® are sourced from ethical, quality manufacturers in Australia, Europe and USA.

- **Age-specific formula:**

We do not believe in the one-formula-fits-all policy. Each age group goes thru a different development stage, hence their requirement for nutrition is different. Our nutritional formulas are therefore tailored to each of these groups individually.

Little Étoile Nutrition

Premium Infant Formula (0-6 months)

- Scientifically formulated source of Complete Infant Nutrition, with 40+ key nutrients
- Providing ARA at min. 0.47% & DHA min. 0.32% of total fats; similar to breast milk composition
- Whey/casein at min 60:40 as in human milk to support sensitive developing tummies
- Providing nutrients such as GOS, Lutein & Nucleotides, verified in clinical research & in compliance with Food authorities' levels
- 100% grass-fed Australian cow's milk
- Naturally tasty, with no added sugar (sucrose)

Premium Infant Formula (0-6 months)

Contains Milk, Soy and Fish.

Little Étoile Organic

Apple, Banana & Pear

Source of vitamin C

Combines the natural sweetness and smoothness of banana, with the uplifting freshness of apple and pear, to provide a classic fruit experience.

Ingredients: Organic Apple Puree, Organic Pear Puree [Pear, Ascorbic Acid], Organic Banana Puree [Banana, Food Acids (Citric, Ascorbic Acid)], Food Acids (Vitamin C, Citric Acid)

- Whole systems organic/just organic
- Non-GMO
- No animal products and derivatives
- No peanuts, soybeans, lupin, legumes and their products
- Vegan friendly
- No BPA/phthalates packaging
- No tree nuts
- No sesame seeds
- Just real natural fruits
- No added salt, sugar, colours or flavours
- No preservatives
- No yeast and derivatives

Shelf life: 12 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Sweet Potato, Pumpkin & Corn

Source of vitamin A
(as Betacarotene)

This blend of wholesome sweet potato and smooth pumpkin, combined with the richness of corn, is a perfect way to introduce your baby to organic vegetables.

Ingredients: Water, Organic Sweet Potato, Organic Pumpkin, Organic Corn

- Whole systems organic/just organic
- Non-GMO
- No animal products and derivatives
- No peanuts, soybeans, lupin, legumes and their products
- Vegan friendly
- No BPA/phthalates packaging
- No tree nuts
- No sesame seeds
- Just natural
- No added salt, sugar, colours or flavours
- No preservatives
- No yeast and derivatives

Shelf life: 12 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of Calcium & Phosphorus

Vanilla Flavoured Custard

Our classic vanilla custard formula is made with all-organic ingredients and formulated to provide an excellent way to maintain the natural goodness of fresh milk in toddlers.

Ingredients: Organic Milk, Water, Organic Cream [Milk], Organic Sugar, Organic Corn Starch, Natural Flavour, Vegetable Gum (Guar), Organic Cinnamon

- Whole systems organic/just organic
- Non-GMO
- No eggs
- No peanuts, soybeans, lupin, legumes and their products
- Vegetarian friendly
- No BPA/phthalates packaging
- No bee pollen, propolis, honey and royal jelly
- No tree nuts
- No sesame seeds
- Just natural
- No artificial colours, sweetener, or flavours
- No preservatives
- No yeast and derivatives
- No added salt

Shelf life: 12 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of Protein
Necessary for Normal Growth and Development

Chicken, Veggies & Brown Rice

This organic blend offers a natural source of protein with whole rice and vegetables selected to enrich dietary fibre, support growth and development and healthy digestion.

Ingredients: Organic Vegetables [Carrot, Potato, Pumpkin, Onion], Water, Organic Brown Rice, Organic Tomato Puree, Organic Chicken

- Whole systems organic/just organic
- Non-GMO
- No eggs
- No peanuts, soybeans, lupin legumes and their products
- No milk
- No BPA/phthalates packaging
- No bee pollen, propolis, honey and royal jelly
- No tree nuts
- No sesame seeds
- Just natural
- No added salt, sugar, colours or flavours
- No preservatives
- No yeast and derivatives
- No crustacea, fish and their products

Shelf life: 12 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of vitamin C

Pear, Mango & Banana

This blend balances the tropical sweetness of banana and mango with the fresh smoothness of pear, providing a well-balanced introduction to fruit.

Ingredients: Organic Pear Puree [Pear, Ascorbic Acid], Organic Banana Puree [Banana, Food Acids (Citric, Ascorbic Acid)], Organic Mango Puree, Food Acid (Vitamin C)

- Whole systems organic/just organic
- Non-GMO
- No animal products and derivatives
- No peanuts, soybeans, lupin, legumes and their products
- Vegan friendly
- No BPA/phthalates packaging
- No tree nuts
- No sesame seeds
- Just real natural fruits
- No added salt, sugar, colours or flavours
- No preservatives
- No yeast and derivatives

Shelf life: 14 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of Protein
Necessary for Normal Growth and Development

Beef, Veggies & Brown Rice

This delicious, rich tasting puree delivers a natural source of protein with all-organic rice and vegetables to support growth and development and to provide a convenient introduction to vegetables.

Ingredients: Organic Vegetables [Pumpkin, Carrot, Sweet Potato, Potato, Corn, Onion], Water, Organic Brown Rice, Organic Beef

- Whole systems organic/just organic
- Non-GMO
- No eggs
- No peanuts, soybeans, lupin, legumes and their products
- No milk
- No BPA/phthalates packaging
- No bee pollen, propolis, honey and royal jelly
- No tree nuts
- No sesame seeds
- Just natural
- No added salt, sugar, colours or flavours
- No preservatives
- No yeast and derivatives
- No crustacea, fish and their products

Shelf life: 14 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of Omega-3

Creamy Risotto - Chickpeas, Vegetables & Brown Rice with Algal DHA

Ingredients: Water, Organic Vegetables [Pumpkin, Onion, Zucchini], Organic Tomato Paste [Tomato Paste, Food Acid (330)], Organic Brown Rice, Organic Milk, Organic Carrot Juice Concentrate, Organic Cream [contains Milk], Organic Olive Oil, Organic Chick Peas, Organic Corn Starch, Yeast Extract, Docosahexaenoic Acid Powder (DHA) (from Algal Oil) [contains Milk, Antioxidants (301, 307b, 304)].

- Whole systems organic/just organic
- Non-GMO
- No eggs
- No peanuts
- Vegetarian friendly
- No BPA/phthalates packaging
- No gluten
- No soybeans
- Just natural
- No added flavours/colours
- No preservatives
- No added salt/sugar

Shelf life: 14 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

Source of Calcium & Phosphorus

Mango, Peach & Chia Seed Custard

Ingredients: Organic Milk, Water, Organic Mango Puree, Organic Apple Puree, Organic Fresh Cream [Milk], Organic Peach Puree, Organic Chia seeds, Organic Sultana puree, Organic Rice Starch, Natural Vanilla Flavour, Vegetable Gum (Guar)

- Whole systems organic/just organic
- Non-GMO
- No eggs
- No peanuts
- No preservatives
- No BPA/phthalates packaging
- No gluten
- No soybeans
- Just natural
- No added flavours/colours
- No added salt/sugar

Shelf life: 14 months

Storage: Store unopened below 25°C in a cool, dry and clean place. Once opened, refrigerate at 1-4°C and use within 2 days.

A Herb Garden at Max Biocare Research Park

Little Étoile Nutri-Sprinkle™

Nutri-Sprinkles™ with Seaweed

Ingredients: Chia seed, Pecans, Hazelnut, Hemp seed, Walnuts, Almonds, Flaxseed, Sesame seed, Nori Seaweed, Aniseed Myrtle, Cinnamon, Sea salt.

Rich in omega-3,6,9 fats, marine minerals and antioxidants to support healthy skin, hair and gut health.

Caution: Contains nuts, may contains traces of eggs, wheat, soy and milk.

For 18 months +

Nutri-Sprinkles™ with Davidson Plum

Ingredients: Chia seed, Pecans, Hazelnut, Hemp seed, Walnuts, Almonds, Flaxseed, Sesame seed, Raspberry, Davidson's plum, organic honey powder, Cinnamon, Sea salt.

Rich in omega-3,6,9 fats, fruit polyphenols and antioxidants for immunity, energy levels and healthy growth and development.

Caution: Contains nuts, may contains traces of eggs, wheat, soy and milk.

For 18 months +

Little Étoile Nutri Bikkies®

Little Étoile Nutri Bikkies®

Ingredients: Organic freeze-dried Pumpkin, Sweet potato, Carrots, Cabbage, Pea, Tasty Cheese

A powerhouse of plant-based fibre, protein, carotenoid antioxidants and calcium for healthy skin, eyes, immunity, bones and muscles.

Caution: contains dairy products.

Age group: 12 months+

little Étoile®
